Subject No. 374.

Railway line from Nanjangud to Erode.

Mr. Madappa.
" Guru Rao.
" Chendrasekharaiya.
" Padmanna.

Summary of Representation.—The construction of the railway line from Nanjangud to Erode *via* Santemarahalli, Chamrajnagar etc., may be started at once as it will considerably help trade.

Reply of Government.—Already discussed as a general subject.

Subject No. 375.

Road from Oothanahalli to Hadinaroo.

Mr. Madappa.
" Lingegowda.

Summary of Representation.—A road may be opened from Oothanahalli in the Mysore Taluk to Hadinaroo *via* Ayarahalli in the Nanjangud Taluk out of Local Funds.

Reply of Government.—Matter for the District Fund Board to consider.

Subject No. 376.

Doddakere Tank.

Mr. Madappa.

Summary of Representation.—The Benne Haradanahalli feeder of Dodkere tank having been breached at Marishettihalli, the crops in the adjoining gardens are being washed away by the rush of water on them thereby causing loss to the raiyats. The breach should be repaired and arrangements made to give a permanent supply of water to Dodkere.

The letting in of the town sewage water to the tank has rendered the town unhealthy. It should be stopped at once and the old feeder may be restored. The slope to the south of the Dodkere being cut up by the flow of rain water from above the bund needs turfing.

Mr. Annaiya Pandit spoke against it.

Reply of Government.—Under consideration in the Public Works Department.

Subject No. 377.

Dasara Representative Assembly.

Mr. Lingegowda.

Summary of Representation.—The meeting of the Dasara Representative Assembly should be held every year without interruption to enable the people to represent their grievances. It should not be put off on account of plague &c. If plague breaks out during the Dasara season the meeting may either be held at the Residency Bungalow at Elwal or at some other place to be selected by the Government.

Withdrawn.

Subject No. 378.

Industrial Exhibition at Mysore.

Mr. Lingegowda.

Summary of Representation.—It is some 15 years back that an Industrial Exhibition was held at Mysore. Such Exhibitions if held occasionally would tend to the development of industry.

Withdrawn.

Subject No. 379.

Supply of water in the Anandur channel.

Mr. Lingegowda.
" Srinivasa Rao.

Summary of Representation.—The insufficiency of water-supply in the Anandur channel having been brought to the notice of the late Dewan in 1893, he was pleased to say that an estimate for extending the channel to Kukkerhalli tank was under contemplation. Subsequently the Chief Engineer reported that the proposed extension was unnecessary. The usual supply of water from the Tippur channel to the Anandur channel has also failed owing to
